

Kettle & Iron Descaler

Clean and protect your appliance

Ecozone® Kettle & Iron Descaler has been specially formulated to effectively remove limescale deposits without toxic chemicals. By descaling regularly, your appliances will be limescale free, work more effectively and could reduce your electricity bills.

Offering three applications in each pack, Kettle & Iron Descaler is an economical and eco-friendly way to keep your appliances working. Suitable for both Kettles and Irons, our formula will leave your appliances pristine, helping them to function better and prevent the problems associated with limescale buildup.

- Removes limescale build up effectively
- Could save on energy costs
- Helps your appliances last longer
